About Us

- Founded in 2010, **SIDC LT** started as a professional employee leasing agency. To keep up with market demands, we eventually expanded the range of our activities by adding project implementation (contracting and subcontracting) to our temporary employment services.
- **SIDC LT** key areas of specialization are the following: project management; manufacture of metal structures in non-standard sizes; high-rise works; pipework installation and welding; ship repairs and shipbuilding; off-shore structure installation.
- **SIDC LT** manufacturing unit is currently located at Klaipėda Seaport. We will start construction of a new manufacturing plant in the immediate future, which will allow us to better serve ever growing needs of our customers.
- Large scale projects implemented by our professionals are not limited to shipbuilding and ship repair: they also include oil and gas, wind power station, and civil engineering sectors.

Our production workshop

SIDC GROUP has already two manufacturing units at Klaipeda city port and in near future planning to build another manufacturing plant.

- **First Workshop** - length - 60m, width - 18m height - 6m; Gate width - 9,7m height - 7m; Cranes 1x10t, 2x5t.
- **Second Workshop** - length - 60m, width -16m, height - 7m; Gate width - 10 m, height - 7m; Cranes 2x10t.
- **New workshop:**
 - 1 - part length -100m -17m width, height - 8,5m; Gate width - 8 m, height - 8m; cranes 2x10t
 - 2 - part, length - 100 meters width -17m, height - 8,5m; Gate width - 12 m, height - 9m; cranes 2x20t
 - 3 - part (painting workshop) length - 42m -14m width, height - 8,5m / Gateway width - 12 m, height - 9m; cranes 1x10t

First Workshop and Second Workshop

First Workshop - length - 60m, width - 18m
height - 6m; Gate width - 9,7m height - 7m;
Cranes 1x10t, 2x5t.

Second Workshop - length - 60m, width - 16m,
height - 7m; Gate width - 10 m, height - 7m;
Cranes 2x10t.

New workshop

- 1 - part length - 100m - 17m width, height - 8,5m; Gate width - 8 m, height - 8m; cranes 2x10t
- 2 - part, length - 100 meters width - 17m, height - 8,5m; Gate width - 12 m, height - 9m; cranes 2x20t
- 3 - part (painting workshop) length - 42m - 14m width, height - 8,5m / Gateway width - 12 m, height - 9m; cranes 1x10t

Our services

We are working in sectors:

- **CIVIL CONSTRUCTION**
- **INDUSTRIAL CONSTRUCTION**
- **SHIP BUILDING AND REPAIRS**
- **MANUFACTURE OF METAL CONSTRUCTIONS**
- **ENGINEERING AND CONSTRUCTION MANAGING**

Our services

We are proud to have a variety of professional specialists:

- **Ship builders**
- **Welders**
- **Fitters**
- **Pipe fitters**
- **Electritions E&I cable pullers**
- **Builders (variuos profiles)**

CIVIL CONSTRUCTION

With over 5 years of Civil related industry experience, **SIDC** provides a wide range of multifaceted engineering and construction personnel solutions created with the client in mind.

Our world class engineering team has experience with designing all type structures and construction of other prefabricated reinforced concrete structures.

CIVIL CONSTRUCTION

**Klaipėda market
construction.**

General construction works
for three Buildings x 1200m².

INDUSTRIAL CONSTRUCTION

SIDC has several years of experience constructing heavy industrial facilities across a broad range of specialized market segments.

We provide integrated construction solutions for several of the world's leading industrial, mineral processing, and oil & gas production companies. We provide personnel and solutions to facilitate industrial installations, maintenance, and construction.

INDUSTRIAL CONSTRUCTION

The prefabrication, welding and installation of industrial tanks is one of our many specialties at SIDC.

We have installed several tanks for a multitude of projects in various industries.

SHIP BUILDING AND REPAIRS

SIDC has been providing maritime services for over 7 years. We have the ability to perform, shop repair, steel design fabrication, pipe fabrication and machining, and blasting/ coating.

Whatever your needs feel confident and secure that **SIDC** will over deliver and exceed all expectations.

SHIP BUILDING AND REPAIRS

SIDC provides a multitude of marine services including hull/facility construction.

We design and build sectional hulls, and grand blocks for carrier ships.

MANUFACTURE OF METAL CONSTRUCTIONS

Here at **SIDC** we have personalized experience in several types of metal manufacturing and construction.

Whether it be metal tanks, metal containers, cable storage baskets, platforms, or platform assemblies, we have the personnel and experience to get the job done right.

MANUFACTURE OF METAL CONSTRUCTIONS

We have years of experience the manufacturing and procurement of reels and cradles.

We can handle larger orders for any industrial project.

MANUFACTURE OF METAL CONSTRUCTIONS

SIDC employs a highly skilled team capable of performing a variety of welding services.

We have the manpower and resources to tackle any sized job!

MANUFACTURE OF METAL CONSTRUCTIONS

We design and pre-fabricate several diameter nominal pipes for a multitude of industrial projects.

Whatever your specs, we can design them!

MANUFACTURE OF METAL CONSTRUCTIONS

SIDC has specific expertise in the design and construction of Automatic twistlock handling solution frames.

Engineering services

SIDC combines the capabilities of a full-service engineering firm with specialty construction and project management capabilities.

We host a team of highly qualified and certified project management professionals, with industry leading international experience.

We help clients achieve real world management solutions to the countless challenges that plague most projects.

Services we offer: engineering, design of complex structures, calculations, design of engineering networks. Work with professionals, who can create any project!

Engineering services

- 3D model preparations
- Steel structure designs
- Mechanical equipment designs
- Transportation equipment designs
- Production line designs
- Structural analyses and calculations
- Fabrications, shop drawings and plate cutting file preparations
- Layout and arrangement drawings
- Assembly instructions and presentations
- Prototype modelling and visualisations
- Piping designs and piping isometric drawings
- Engineering consultations

We have EN 1090-1 EXC-4 and EN ISO 3834-2 management system certificates

CERTIFICATE OF CONFORMITY OF THE FACTORY
PRODUCTION CONTROL
2268-CPR-051

Inspecta
Notified body No. 2268

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction product:

steel structure elements
(product)

execution class up to EXC4 according to EN 1090-2:2008+A1:2011,
groups of parent metal 1.1, 1.2 and 1.4 according to CEN ISO/TR 15608:2013,
welding processes 135, 136 and 138 according to EN ISO 4063:2010,
covered by anti-corrosion coatings
(product type and parameters)

CE marking method(s): 1, 3a
produced by the manufacturer

UAB "SIDC LT",
Taikos str. 52C, LT-91184 Klaipėda, Lithuania / company code: 302521994
(name and address of the manufacturer, company code)

in the manufacturing plant
Naujoji Uosto str. 3, LT-92122 Klaipėda, Lithuania
(address of the manufacturing plant)

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard

EN 1090-1:2009+A1:2011 *

under system 2+ are applied and that the factory production control fulfils all the prescribed requirements set out above.

This certificate was first issued on **2015-01-05** and will remain valid as long as the harmonised standard remains valid and the manufacturing conditions in the plant and the factory production control itself are not modified significantly.

This certificate issued on 2016-02-29

Romas Skripka
Certification SL manager

* - this standard is adopted as Lithuanian national standard.

Certificate
No. 04-15-041

Inspecta

Inspecta UAB has granted this certificate as proof that the introduced welding processes in company

UAB "SIDC LT",
Taikos str. 52C, LT-91184 Klaipėda, Lithuania / company code 302521994
(company, address)

in the manufacturing plant
Naujoji Uosto str. 3, LT-92122 Klaipėda, Lithuania
(address of the manufacturing plant)

complies with the requirements of the standard

LST EN ISO 3834-2:2006

Certification covers:

manufacturing of various metal constructions, items and components
(the certificate includes annex)

The certificate is valid on condition that the quality system of welding of the company remains in compliance with the above mentioned standard.

Date of issue: 2016-02-29
Valid until: 2018-01-05
(first certificate issued: 2015-01-05)

We have ISO 9001, 14001, and 18001 (OHSAS) management system certificates and VCA certificates

DNV•GL

MANAGEMENT SYSTEM
CERTIFICATE

Certificate No:
144895-2013-AQ-LTU-FINAS

Initial certification date:
12 November, 2013

Valid:
11 November, 2016 - 12 November, 2019

This is to certify that the management system of

UAB SIDC LT
Taikos pr. 52C, LT-91184 Klaipėda, Lithuania
Naujojo Uosto g. 3, LT-92120 Klaipėda, Lithuania

has been found to conform to the Quality Management System standard:
ISO 9001:2015

This certificate is valid for the following scope:

PRODUCTION AND INSTALLATION CONTROL OF METAL AND NON-METAL CONSTRUCTIONS FOR CIVIL AND INDUSTRY BUILDINGS. PRODUCTION AND INSTALLATION CONTROL OF HIGH PRESSURE PIPING SYSTEMS. "OFFSHORE" PROJECTS METAL CONSTRUCTIONS REPAIR AND WELDING ON HEIGHT.

Place and date:
Kaunas, 11 November, 2016

Finnish Accreditation Service
8001 (EN ISO/IEC 17021)

For the issuing office:
DNV GL Business Assurance
Finland OY/AB

Management Representative

Audrius Šileika

Lack of fulfillment of conditions as set out in the Certification Agreement may render this Certificate invalid.
